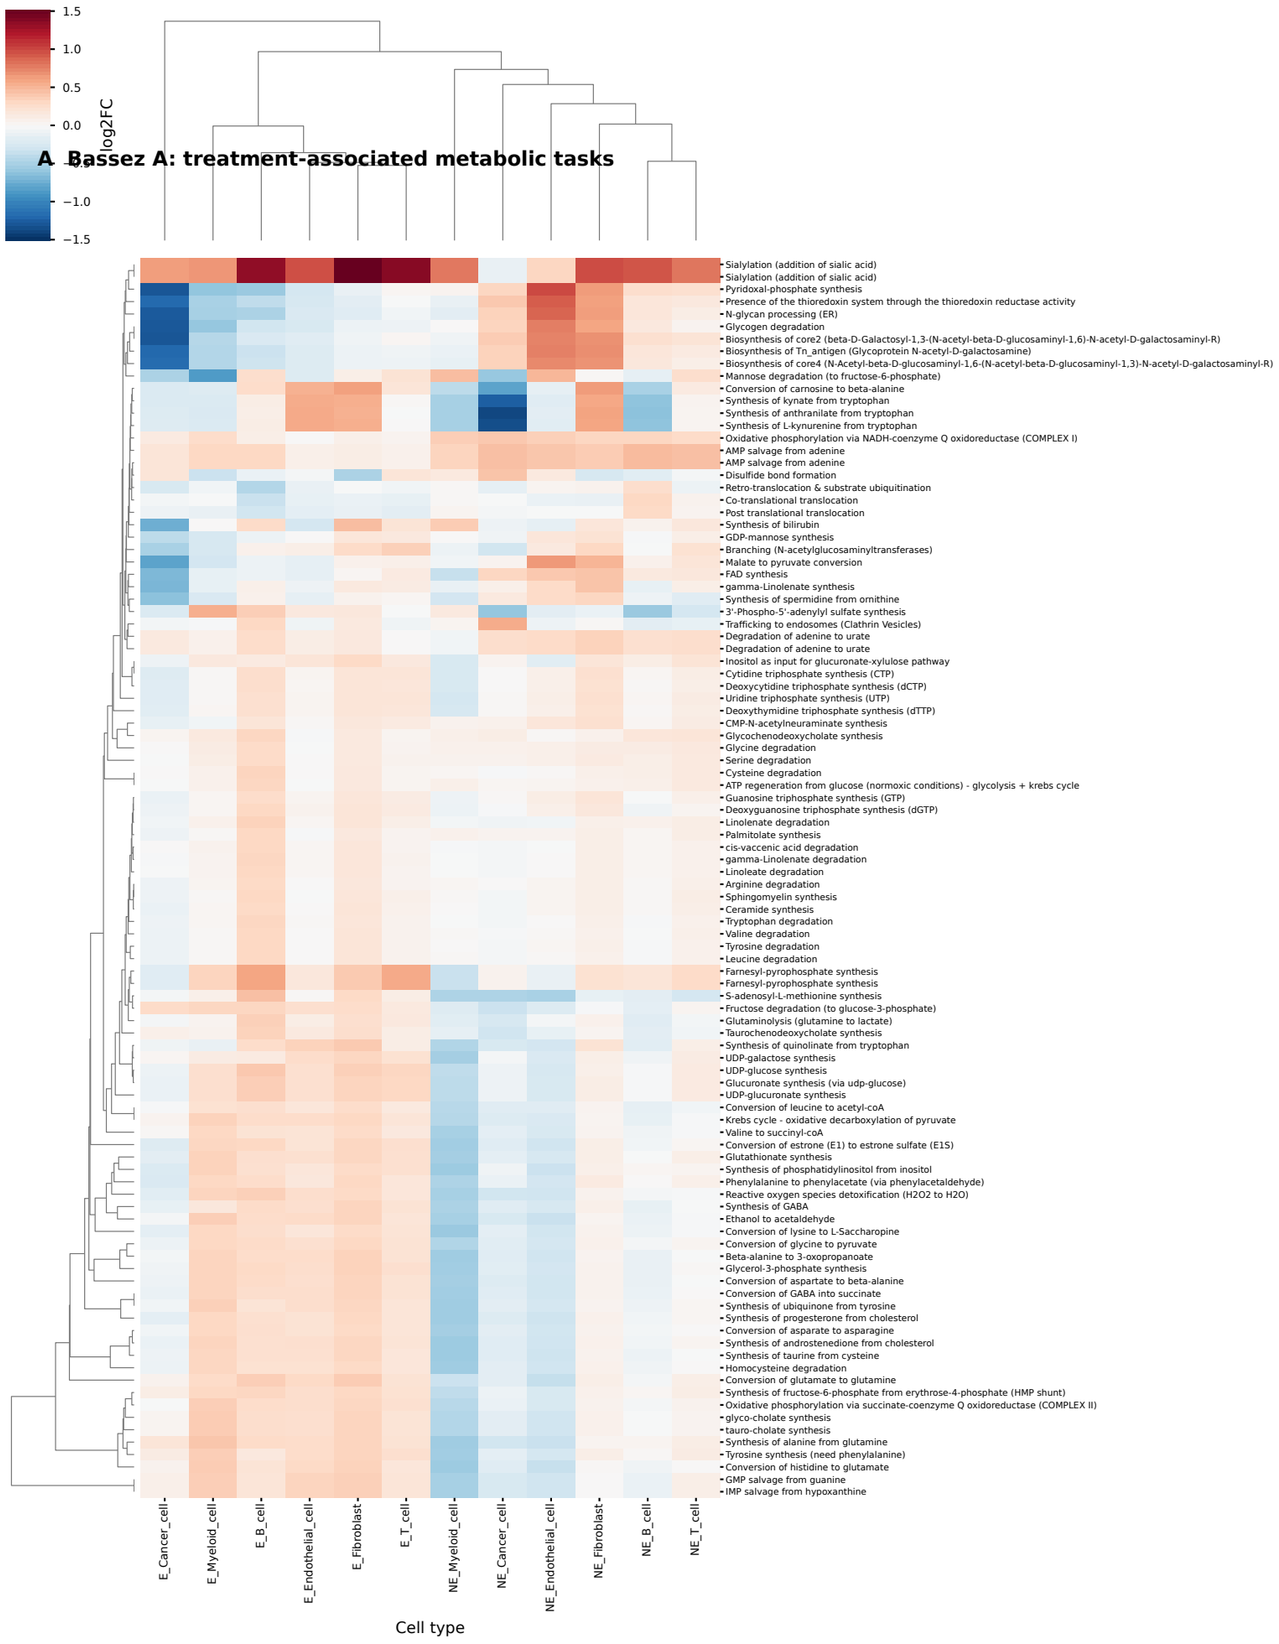

Figure S3_B Cohort-paired treatment-associated metabolic-task and GO activity patterns

A Bassez A: treatment-associated metabolic tasks

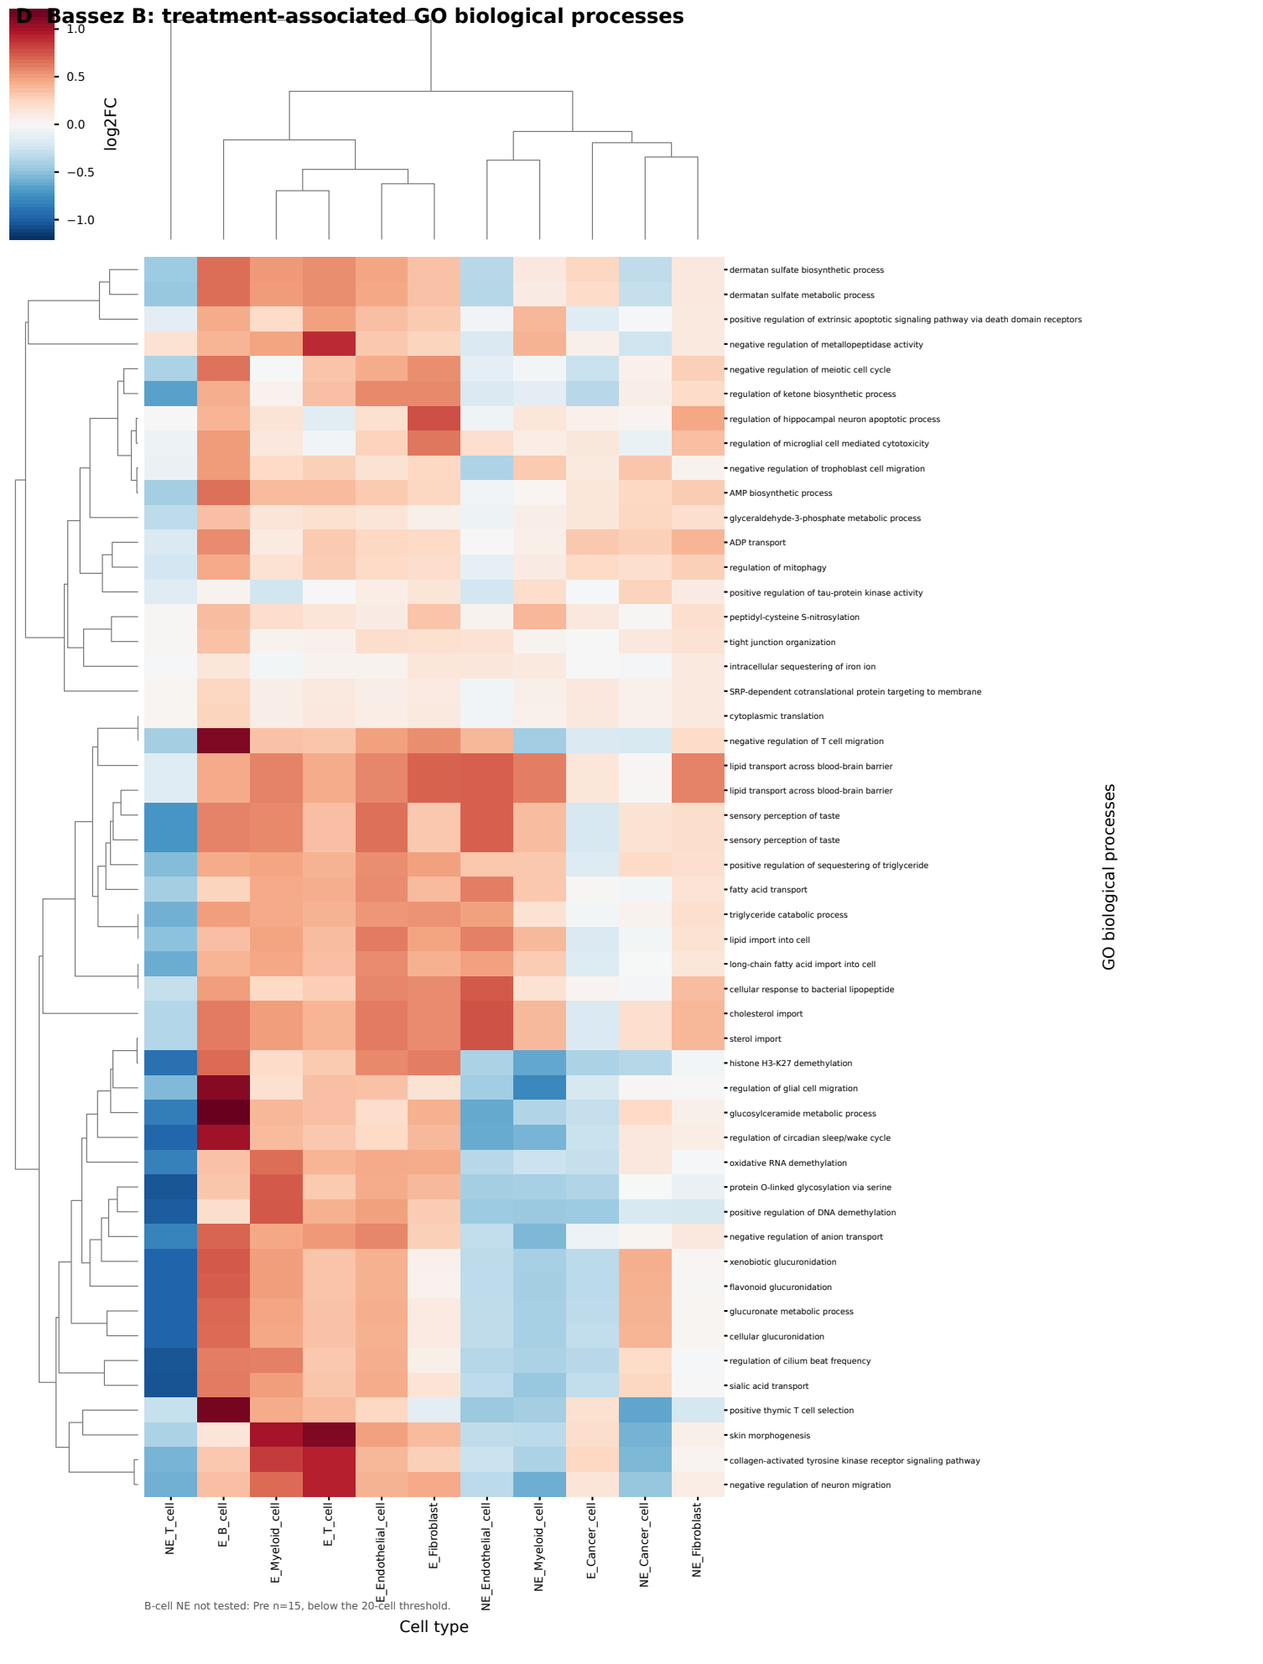

B Bassez A: treatment-associated GO biological processes

C Bassez B: treatment-associated metabolic tasks

D Bassez B: treatment-associated GO biological processes

B-cell NE not tested: Pre n=15, below the 20-cell threshold.

E, T-cell clonotype expander; NE, non-expander.
